FLYING FORWARD

We're the professionals on the ground who ensure that everything in the skies is 'airship shape'. We operate behind the scenes as an upfront and vital contributor to the airline industry. As suppliers of aircraft parts and a huge range of indispensable services to some of the biggest commercial airline and civil aerospace brands in the world, we help ensure safe passage in the air.

After 30 years in this uniquely exacting business, we're flying high with our service and delivery. As industry specialists with a global vision and local support, we harness knowledge, experience, and technical application wherever it's needed in the world. Our success is measured, after three decades, by our quality service and delivery and by our continued commitment to excellence in everything we do. As we enter the next decade, we are charged with extra lift-off power to fly forward and to reach even greater heights..

GLOBAL VISION AND REGIONAL SUPPORT

Our core business is to supply aircraft spare parts worldwide to major and regional airlines Maintenance Repair and Overhaul facilities (MRO), repair stations, Original Equipment Manufacturers (OEM) and aircraft manufacturers.

We have a network of offices and distributors around the world. Our holistic systems ensure efficient delivery of our services and products as well as fully integrated tracking and reporting on all procedures - from manufacture to maintenance and repairs. Our customers rely upon Aerotechnic's first-class service, knowing that we are on hand 24/7 for technical and logistical support.

For our customers – who are global and regional commercial airlines in the civil aerospace industry - we work with aircraft manufacturers, with Original Equipment Manufacturers (OEM), Maintenance, Repair and Overhaul facilities (MRO), and repair stations. The clever cohesion of our aviation-dedicated software programme with the agreements we have with key repair facilities makes it possible for us to always and efficiently track rotables. In turn, we can keep our customers fully in the know as we deliver our products and services to the highest exacting standards - on time and on spec - anywhere in the world.

OUR WORLDWIDE NETWORK

Aerotechnic has established key administrative and sales offices in South Africa and Dubai and a comprehensive network of distributors in Asia, Africa, Europe, and the US. Our stocking facilities are based in South Africa (Johannesburg), USA (Miami), Asia (Singapore) and France (Toulouse).

FIRST CLASS SERVICE WITH THE HIGHEST QUALITY ASSURANCE

Our 'ISO9001' and 'FAA O056' certifications verify that Aerotechnic is a factory-authorized distributor and supplier of aviation equipment. Our commitment to quality and to producing every part and product to the highest standard is exemplified by our QMS (quality management system) which ensures that we are not only professional but also proactive in our operations. We abide by an overriding goal to always improve our service delivery in all spheres of our operation. We are fully accountable, responsible, and responsive at all stages of the production and delivery cycle.

Because all businesses can only operate if the right people are in place, our culture has always been to continuously search for and train the best technical, financial, and human resources available. We are industry leaders, and we are conscious of the need to always keep abreast of technology and its applications. We ensure that our service delivery is not only excellent but also above the industry standard.

OUR PRODUCTS AND SERVICES

For three decades, Aerotechnic has been a critically important supplier to the global airline business. We established the company in 1994 as a distributor and stockist of fully traceable aircraft parts including components, consumables, chemical products, and tools.

Our services include exchanges; loans; repair management; IP; stock holding and management of consignment stock and surplus stock; distributorship and broking; repairs follow-up, warranties and PBH.

Our product range covers: bearings; engine spares; filters for air fuel and oil; fuses; hardware (such as bolts, nuts rivets, screws, and washers); igniters and exciters; lamps; lights-navigation; o-rings; packing; propeller spares; seals; starters; generator spares; wheel and brake spares; switches; tapes; and many more.

DISTRIBUTORSHIP LIST

ATA Various
CAGE: KC1J1

Distributor and Stockist for Aerospace Metals, Interior cabin product, Flexible Hoses, couplings and fittings (Orkal).

GuideU

Non-Electrical Floor Path Marking System

ATA 33
CAGE: C1008

Luffhansa Technik emergency escape path lightning systems. No batteries required, no life limitation, no maintenance.

ADHETEC
solutions adhésives

ATA 11
CAGE: F7828

Aircraft liveries, adhesive tapes and films, aircraft technical markings and decals.

ATA 23
CAGE: D9240

Aviation certified microphones, headphones, headsets and handsets.

ATA 12
CAGE: 0T652

Aircraft and Airport ground support equipment (GSE) solutions. A member of the ALVEST Group includes TLD and Powervamp.

Honeywell
THE POWER OF CONNECTED

ATA 21, 32, 36, 49 & 78
CAGE: 7X000 & SCY35

As distributor for Africa, we have access to 100% Honeywell genuine parts – from smallest consumable to an APU!

ATA 25
CAGE: D4844

Manufacturer of fully recyclable Aircraft CARPETS in 100% Wool and 100% Econyl (Nylon).

HUTCHINSON

ATA Various
CAGE: 13636 / 1041A

Barry controls (vibration isolation systems), JPR (sealing systems), Strativer (composite panel).

ATA 25
CAGE: H3155

Partner in aircraft interior solutions (plastic parts, arm caps, upholstery).

ATA Various
CAGE: D2603

ALEXIT-FST interior (water and solvent based) and exterior paint in conventional (UVR) and high solid low VOC.

Callington

ATA chapter 25
CAGE: Z5104

Chemical manufacturers for global aviation: aircraft approved insecticides; widely used, effective and ready to use aircraft hygiene products.

ATA 25
CAGE: 49U11

Design and manufacture of performance leathers and textiles.

Eastman
aviation solutions

ATA 49
CAGE: OMU85

Brings together Eastman™ Turbo Oils, Skydrol® aviation hydraulic fluids, and SkyKleen® aviation solvents.

ATA 56
CAGE: F0360

Aircraft cockpit windows and cabin windows on ATR, A320, A330/A340 and wing tips light covers on ATR.

ATA 26
CAGE: U3061

Manufacturer of Aviation Fire Extinguisher products for Aircraft cabin, cockpit and lavatory applications.

SCHNELLER

ATA 25
CAGE: 21213 / FA3Q7

Engineered decorative products for interiors. Qualified supplier to all major aircraft manufacturers.

ATA 32
CAGE: 73842

Regional, commercial, military and business aircraft tires and tubes.

ATA 25
CAGE: F3853

Cabin management package, in-flight entertainment (IFE) system, video control and surveillance system.
